### VITICULTURE AND WINEMAKING

A single Vineyard Wine. This vineyard is the eastern most vineyard on the estate with a west facing slope. The vines are rooted in solid bedrock and this wine spent 18 months in first fill French Oak.

### THE STORY

This collection of wines is focused on the soil type of the vineyard and the effect of the soil in the end product. For the Bedrock Black Syrah the roots need to dig down through the cracks in the bedrock to find moisture. The result is very small grapes with lots of intense flavour.

### TASTING NOTES
